

CENTRAL MONTANA

Regional Hazard Mitigation Plan

2024-2029

Appendices

- Blackfeet Nation
- Blaine County
- Cascade County
- Chippewa Cree Tribe - Rocky Boys Reservation
- Chouteau County
- Fergus County
- Glacier County
- Hill County
- Judith Basin County
- Liberty County
- Petroleum County
- Phillips County
- Pondera County
- Teton County
- Toole County

APPENDIX A: Hazard Mitigation Planning Committee

Name	Agency/Jurisdiction	Title	Participation
Blackfeet Tribe			
Robert DesRosier	Blackfeet Tribe	DES/HS	Pre-Kickoff, Mitigation Workshop, Monthly Meetings
Nora Kennedy	Blackfeet Tribe	Admin. Assistant to Mr. DesRosier	Tribal Planning Team Meetings
Sarah Wolf Tail	Blackfeet Tribe	Director for DES / Homeland Security	Tribal Planning Team Meetings
Brittney Wolf Tail	Blackfeet Tribe	Deputy DES/Dispatcher/ RAVE Coordinator	Tribal Planning Team Meetings
Blaine County			
Amber B Calvert	Blaine County	Deputy Clerk & Recorder	Monthly Meetings
Ashley Birdtail	Blaine County	Prevention Specialist	Monthly Meetings
Debbie Gomke	Blaine County	Sheriff's Office Administrative Assistant	Monthly Meetings
Dolores Plumage	Blaine County	County Commissioner	Pre-Kickoff, Risk Assessment, Monthly Meetings
Frank DePriest	Blaine County	County Commissioner	Pre-Kickoff, Risk Assessment Meeting, Monthly Meetings
Haley Velk	Blaine County	Emergency Manager, GIS	Pre-Kickoff, Risk Assessment, Mitigation Workshop, Monthly Meetings
John Colby	Blaine County	County Sheriff	Monthly Meetings
Lindsay Lowe	Blaine County	County Road Admin/DES	Pre-Kickoff, Risk Assessment, Mitigation Workshop, Monthly Meetings
Mark Weber	Blaine County	County Health Dept.	Risk Assessment, Monthly Meetings
Miles Hutton	Blaine County	County Commissioner	Monthly Meetings
Ron Anderson	Blaine County	County Environmental Health Supervisor	Monthly Meetings
Shane Fox	Blaine County	County Commissioner	Monthly Meetings
Tina Mord	Blaine County	County Juvenile Probation	Monthly Meetings
Toni Collin	Blaine County	County Public Health	Monthly meetings
Valerie Beck	Blaine County	County Health Nurse	Monthly Meetings
Elmer Dean Zarn	City of Chinook	Chinook Police Chief	Monthly Meetings
Emily Harshman	City of Chinook	City Clerk	Kickoff, Monthly Meetings
Gabe Matosich	City of Chinook	Police Chief	Monthly Meetings
Glenn Huestis	City of Chinook	Mayor	Mitigation Workshops

Name	Agency/Jurisdiction	Title	Participation
John Blankenship	City of Chinook	Chinook Water Plant Superintendent	Risk Assessment
Robert Smith	City of Chinook	Chinook Council/ Northwestern Energy	Kickoff, Monthly Meetings
Shannon Sattleen	City of Chinook	Council Member/County Safety Officer	Monthly Meetings
Kim Hansen	City of Harlem	Mayor	Risk Assessment, Mitigation Workshops, Monthly Meetings
Cascade County			
Brad Call	Cascade County	Disaster & Emergency Services Director	Pre-Kickoff, Kickoff, Risk Assessment, Mitigation Workshops, Monthly Meetings
Charity Yonkers	Cascade County	Planning Director/ Floodplain Administrator	Kickoff
Colin Campbell	Cascade County	Public Health Emergency Preparedness & Community Planner	Monthly Meetings
Glenna Violette	Cascade County	County DES Coordinator Assistant	Pre-Kickoff, Kickoff, Risk Assessment, Monthly Meetings
Tom Mital	Cascade County	County GIS- Mapping	Kickoff
Jeremy Jones	City of Great Falls	Emergency Management & Preparedness	Monthly Meetings
Katie Brewer	City of Great Falls	Emergency Management & Preparedness	Kickoff, Risk Assessment, Mitigation Workshops, Monthly Meetings
Jim Olson	Town of Belt	Mayor	Risk Assessment, Mitigation Workshops, Monthly Meetings
Jodie Campbell	Town of Cascade	City Clerk	Monthly Meetings
Kendra McEwen	Town of Cascade	Clerk	Monthly Meetings
Robert Reissing	Town of Cascade	Town Council Member	Mitigation Workshop, Monthly Meetings
Chippewa Cree Rocky Boy Tribe			
Richard MacDonald	Chippewa Cree Rocky Boy Tribe	POC/Data Coordinator	Pre-Kickoff, Kickoff, Risk Assessment, Mitigation Workshops, Monthly Meetings
Trevor Standing Rock	Chippewa Cree Rocky Boy Tribe	Planning Director	Tribal Planning Team Meetings
Curtis Monteau	Chippewa Cree Rocky Boy Tribe	Roads Director	Tribal Planning Team Meetings
Ted Whitford	Chippewa Cree Rocky Boy Tribe	Tribal Water Resources Director	Tribal Planning Team Meetings

Name	Agency/Jurisdiction	Title	Participation
Bobbi Jo Favel	Chippewa Cree Rocky Boy Tribe	Natural Resources Director	Tribal Planning Team Meetings
Multiple Board Members	Chippewa Cree Rocky Boy Tribe	Chippewa Cree Health Board	Tribal Planning Team Meetings
Choteau County			
Debbie Gessaman	Choteau County	DES Emergency Manager	Kickoff, Risk Assessment, Mitigation Workshops, Monthly Meetings
Jennifer Blansett	Choteau County	Deputy Emergency Manager	Kickoff, Risk Assessment, Risk Assessment, Mitigation Workshops, Monthly Meetings
Pete Jerrel	Choteau County	District 1 Road Crew Supervisor	Kickoff
Robert Stevenson	Choteau County	Sanitarian	Kickoff, Monthly Meetings
Carlos Rodriguez	City of Fort Benton	Water Manager/ Supervisor	Mitigation Workshops
Lanny Walker	City of Fort Benton	Mayor	Mitigation Workshops, Monthly Meetings
Scott Ort	City of Fort Benton	Crew Supervisor	Mitigation Workshops
Nicole Allderdice	Town of Big Sandy	Secretary/Treasurer	Monthly Meetings
Rich Jespersen	Town of Big Sandy	Council Member	Mitigation Workshops
Shaud Swartzbauch	Town of Big Sandy	Mayor	Monthly Meetings
Wendy Kleinsasser	Town of Big Sandy	Clerk	Monthly Meetings
Fergus County			
Holly Phelps	City of Lewistown	City Manager	Pre-Kickoff, Monthly Meetings
Kellie Davis	Town of Denton	Clerk	Provided information from Town Council & Mayor
Ed Geary	Town of Grass Range	Mayor	Mitigation Workshop
Patti Bradley	Town of Grass Range	Town Council Person	Mitigation Workshop
Terrena Fogle	Town of Moore	Clerk	Monthly Meetings
Cheri Kjersearn	Town of Winifred	Clerk	Mitigation Workshop
Diane Brodd	Fergus County	DES Coordinator Deputy	Risk Assessment, Mitigation Workshop, Monthly Meetings
Kent Sipe	Fergus County	Attorney	Pre-kickoff, Kickoff
Richard Vaughn	Fergus County	Sheriff	Pre-kickoff, Kickoff, Monthly Meetings
Ryan Peterson	Fergus County	DES/Fire Warden	Risk Assessment, Mitigation Workshop, Monthly Meetings
Glacier County			
Curtis Harper	Glacier County	Northern Rockies Hospital/DES Assistant	Risk Assessment, Monthly Meetings

Name	Agency/Jurisdiction	Title	Participation
Judd Milender	Glacier County	County DES Director	Mitigation Workshop, Monthly Meeting
Lanaina Upham	Glacier County	DES County Coordinator	Risk Assessment, Monthly Meeting
Melissa Lavendure	Glacier County	Glacier County Health	Pre-Kickoff
Napi Billedeaux	Glacier County	Glacier County	Monthly Meetings
James Suta	City of Cut Bank	Superintendent of Public Works	Mitigation Workshop
Kim Winchell	City of Cut Bank	Mayor (incoming)	Risk Assessment
Mike Wilstrom	East Glacier Fire	Fire Chief	Kickoff
Hill County			
Amanda Frickel	Hill County	County DES/Fire Warden/Red Cross Contact	Risk Assessment, Mitigation Workshop, Monthly Meetings
Bridget Kallenberger	Hill County	Health Department	Monthly Meetings
Dave Peterson	Hill County	County Public Works	Kickoff, Risk Assessment, Mitigation Workshop, Monthly Meetings
Diane McLean	Hill County	Commissioner	Kickoff, Monthly Meetings
Dave Peterson	City of Havre	City Public Works/City Flood/City Planning	Kickoff, Risk Assessment, Mitigation Workshop, Monthly Meetings
Jason Barkus	City of Havre	Assistant Police Chief	Kickoff, Monthly Meetings
Michele Young	City of Havre	Havre Family Connections	Monthly Meetings
Nathan Courtnage	City of Havre	Assistant Fire Chief	Risk Assessment, Monthly Meetings
Sandra Peterson	Town of Hingham	Clerk	Risk Assessment, Mitigation Workshop, Monthly Meetings
Thomas Peterson	Town of Hingham	Mayor	Mitigation Workshop
Judith Basin County			
Mike Howell	Judith Basin County	County DES Coordinator	Risk Assessment, Mitigation Workshop, Monthly Meetings
Shawn Tater Erickson	Town of Hobson	Hobson Fire Chief	Monthly Meetings
Brent Miller	Town of Stanford	Mayor	Monthly Meetings
Liberty County			
David Ghekiere	Liberty County	Fire Chief	Pre-kickoff, Kickoff
Justin Wickum	Liberty County	Road Department Supervisor	Pre-kickoff, Kickoff
Kayla Johnson	Liberty County	DES Director	Risk Assessment, Mitigation Workshop, Monthly Meetings
Larry Hendrickson	Liberty County	County Commissioner	Mitigation Workshop
Melissa Kantorowicz	Liberty County	Public Health Manager	Risk Assessment, Monthly Meetings

Name	Agency/Jurisdiction	Title	Participation
Shane Gagnon	Liberty County	County Commissioner	Mitigation Workshops
Tara Hendrickson	Liberty County	EMS Ambulance Director	Pre-Kickoff
Ashley Wickum	Town of Chester	Town Clerk	Risk Assessment, Mitigation Workshop, Monthly Meetings
Petroleum County			
Bill Cassell	Petroleum County	DES County Coordinator	Mitigation Workshop, Monthly Meetings
Gary Fitzgerald	Petroleum County	DES County Coordinator	Monthly Meetings
Jay King	Petroleum County	Planning Board Member	Kickoff
Paul McKenna	Petroleum County	County Commissioner	Kickoff
Brad Olson	Town of Winnett	Winnett Council	Kickoff
Orren Kiehl	Petrolia Irrigation District	President	Provided information on Petrolia Dam, submitted mitigation action
Phillips County			
LeeAnn Pankratz	Phillips County	DES Coordinator	Mitigation Workshop, Monthly Meetings
David Rummel	City of Malta	Councilperson	Kickoff, Monthly Meetings
Joshua Newman	City of Malta	Fire Chief	Kickoff
Lorie Bond	City of Malta	Clerk	Risk Assessment, Mitigation Workshop, Monthly Meetings
Ernie Marinko	Town of Saco	Clerk	Mitigation Workshop, Monthly Meetings
Pondera County			
Cynthia Grubb	Pondera County	Rural Health Clinic Manager	Pre-Kickoff, Kickoff, Monthly Meetings
Dale Siefert	Pondera County	Commissioner	Kickoff, Risk Assessment
Jim Morren	Pondera County	Commissioner	Risk Assessment
Melinda Burns	Pondera County	DES County Coordinator	Risk Assessment, Monthly Meetings
Robert Skorupa	Pondera County	County Sheriff	Kickoff
Tom Kuka	Pondera County	Commissioner	Mitigation Workshops, Monthly Meetings
Hillary Rifter	City of Conrad	Finance Officer	Mitigation Workshop
Jamie Miller	City of Conrad	Mayor	Risk Assessment, Monthly Meetings
Teton County			
Amanda Copenhaver	Teton County	Benefis Hospital Disaster Coordinator	Pre-Kickoff, Monthly Meetings
Dani Arps	Teton County	Planner/GIS	Risk Assessment, Monthly Meetings
Deb Coverdell	Teton County	EMS/DES Coordinator	Risk Assessment, Mitigation Workshop, Monthly Meetings

Name	Agency/Jurisdiction	Title	Participation
Loren Dunk	Teton County	Power School Superintendent	Pre-kickoff, Kickoff, Monthly Meetings
Steve Rose	Teton County	Fire/DES Coordinator	Kickoff, Risk Assessment, Mitigation Workshop, Monthly Meetings
Chris Hindoién	City of Choteau	Mayor	Kickoff, Risk Assessment, Mitigation Workshops, Monthly Meetings
Sayde Wallace	Town of Dutton	Assistant Clerk	Mitigation Workshop
Susan Fleshman	Town of Dutton	Mayor	Risk Assessment, Mitigation Workshop, Monthly Meetings
Loren Tacke	Town of Fairfield	Mayor	Mitigation Workshops
Toole County			
Chad Scharborough	Toole County	1st Baptist Church	Pre-Kickoff, Kickoff, Monthly Meetings
Kelsey Buckley	Toole County	DES County Coordinator	Kickoff, Risk Assessment, Mitigation Workshop, Monthly Meetings
Kris Ingenthron	Toole County	MRE Electric Co-op General Manager	Kickoff
Beverly Postma	Town of Kevin	Clerk	Risk Assessment, Mitigation Workshop, Monthly Meetings
Gary McDermott	Town of Shelby	Mayor	Kickoff
Crystal McAlpline	Town of Sunburst	Clerk	Risk Assessment, Mitigation Workshop, Monthly Meetings
State of Montana			
Amanda Avard	Montana DES	Preparedness Program Manager	Mitigation Workshops, Monthly Meetings
Andrew Long	Montana DES	Mitigation Coordinator	Risk Assessment
Ed Greiberis	Montana DES	Field Officer	Risk Assessment
Hannah Shultz	Montana DES	Mitigation Coordinator	Pre-kickoff, Kickoff, Risk Assessment, Mitigation Workshops, Monthly Meetings
Joey Zahara	Montana DES	Training & Exercise Coordinator	Risk Assessment
Sara Hartley	Montana DES	State Hazard Mitigation Officer	Pre-kickoff, Kickoff, Risk Assessment, Monthly Meetings
Kristi Kline	Montana Rural Water System	Source Water Protection Specialist	Mitigation Workshop
Stakeholders			
William Hoekema	Border Patrol	Senior Agent	Kickoff
Ryan Madson	Bureau of Reclamation	Emergency Management Coordinator	Kickoff

Name	Agency/Jurisdiction	Title	Participation
Toby Tabor	Bureau of Reclamation	Marias-Milk Rivers Division	Kickoff
Shannon Bonney	Bureau of Land Management	Fire Mitigation and Education Specialist	Kickoff
Teresa Hanley	Bureau of Land Management	Acting State Director	Kickoff
Abby Hall	Environmental Protection Agency	Senior Advisor on Local and Regional Planning	Monthly Meetings
Emily Alvarez	FEMA	Community Planner	Kickoff, Risk Assessment, Monthly Meetings
Katie Baum	FEMA	Community Planner	Kickoff, Risk Assessment, Monthly Meetings
Rob Pressley	FEMA	Community Planner	Kickoff, Risk Assessment, Monthly Meetings
Kristin K. Smith	Headwaters Economics	Researcher	Kickoff, Risk Assessment, Monthly Meetings
Robert Hart	National Weather Service, Great Falls	Warning Coordination Meteorologist	Kickoff
Shannon Sattleen	NRCS	Blaine Conservation District	Monthly Meetings
Jeff Greenwald	USACE	Environmental Planner	Mitigation Workshops,
Laurel Hamilton	USACE	Hydraulic Engineer	Risk Assessment, Mitigation Workshops,
Dorothy Gremaux	Central Montana 911	911 Supervisor	Kickoff
Noah Davis	Northwestern Energy	District Manager	Pre-Kickoff, Kickoff
Tim Rossette	Rocky Boy Health Center	EMH	Kickoff
Cathy Barta	Snowy Mountain Development Corporation	Director for Strategic Development	Kickoff
Consultant Team			
Jeff Brislawn	WSP USA	Project Manager	Pre-Kickoff, Kickoff, Risk Assessment, Monthly Meetings
Scott Field	WSP USA	Central Region Lead Planner	Pre-kickoff, Kickoff, Risk Assessment, Mitigation Workshops, Monthly Meetings
Emily Geery	SWCA	Mitigation Specialist	Kickoff
Tim Clute	SWCA	Assistant Project Biologist	Risk Assessment Meeting
Victoria Amato	SWCA	Principal Planner	Risk Assessment Meeting
Debra Shewfelt	RESPEC	Consultant	Risk Assessment Meeting
Megan Burke	RESPEC	Consultant	Risk Assessment Meeting
Thomas Michalek	RESPEC	Consultant	Risk Assessment Meeting

Other Stakeholders Invited to Participate

APPENDIX B: PLANNING PROCESS DOCUMENTATION

Note: This appendix provides documentation of the plan update process during the 2022-2023 timeframe.

Kickoff Meeting: March 31, 2022

Montana Central Region Hazard Mitigation Plan
Kick-Off Meeting Summary
March 31, 2022, 10:00-11:30 am MDT
Virtual Webinar via Zoom

Introductions and Opening Remarks

The State of Montana has recently undertaken an effort to create regional hazard mitigation plans covering the entire state, splitting the state into 3 separate regions each with its own hazard mitigation plan (HMP). The Central Region held a kickoff meeting for this planning process on March 31, 2022, facilitated by Wood Environment & Infrastructure Solutions, Inc. (Wood), the consulting firm hired by Montana Disaster and Emergency Services (DES) to facilitate the planning process and develop the new HMP. The meeting was held virtually via Zoom. A total of 99 people attended the webinar, primarily representing county, tribal and municipal governments as well as various stakeholders including representatives from Montana DES and the Wood consultant team. Following introductory remarks by State Hazard Mitigation Officer Sara Hartley, Jeff Brislawn, Project Manager, (Wood) began the meeting by going over the meeting agenda.

The key discussion is summarized below; additional details can be found in the meeting PowerPoint presentation. The meeting was also recorded. An interactive polling tool called [Slido](#) was used to gather feedback from the group throughout the meeting. After an icebreaker test question, the group was polled 'Have you participated in a hazard mitigation plan before?' 45% responded Yes and 55% No.

Hazard Mitigation and Resilience Planning

Scott Field with the Wood team gave a presentation on the concept of hazard mitigation planning and its importance. Mitigation is any sustained action taken to reduce or eliminate long-term risk to human life and property from natural or human-caused hazards. Mitigation Planning guides mitigation activities in a coordinated and economic manner to make Montana more disaster resilient. The U.S. Disaster Mitigation Act of 2000 requires state and local governments to draft and adopt a hazard mitigation plan, and update it every five years, to maintain eligibility for FEMA mitigation assistance grants.

Scott explained there are trends resulting in increased costs for disaster response and recovery related to population growth and the increase in the types of events we experience as a community. More people are living in hazardous areas and there is an increasing exposure of buildings, people, and infrastructure to risk, as evidenced by the increasing frequencies of billion-dollar disasters nationwide. The COVID-19 Pandemic is a good example of a circumstance that can cause a regional disruption in the community and to the economy. Scott explained we need these plans for several reasons because they reduce future recovery costs, we can plan around predictive events, and they guide mitigation activities in a coordinated manner.

Scott explained Federal Emergency Management Agency (FEMA) guidance breaks down the planning process into 9 steps:

- Step 1 Determine the Planning Area and Resources
- Step 2 Building the Planning Team
- Step 3 Create an Outreach Strategy

- Step 4 Review Community Capabilities
- Step 5 Conduct a Risk Assessment
- Step 6 Develop a Mitigation Strategy
- Step 7 Keep the Plan Current
- Step 8 Review and Adopt the Plan
- Step 9 Create a Safe and Resilient Community

In addition, the regional planning effort will follow Regional Resilience guidelines developed by the U.S. Environmental Protection Agency. Scott described these 5 steps and how they mesh with and complement the FEMA process.

- Step 1 Engage: Engagement for Resilience
- Step 2 Assess: Conduct Vulnerability Assessment
- Step 3 Act: Identify and Prioritize Strategies
- Step 4 Fund: Fund for Action
- Step 5 Measure: Evaluate Results and Refine Methods

Step 2: Hazard Mitigation Planning Committee

Step 1 has already been completed with the delineation of the regions in Montana. The Central Region Hazard Mitigation Planning Committee consists of representatives from each of the 16 counties and tribes which make up the Central Region, shown in the image below. Additionally, tribal, county, and municipal staff as well as stakeholders within each county will be participants in the planning process. Scott noted that every update cycle is an opportunity to include additional local government participating jurisdictions, which are defined by FEMA as any entity with a governing board. This includes special service districts. Because this is a "regional" process the planning committee is structured somewhat different from local hazard mitigation plans. There is regional oversight by MT DES and within each region there will be Subregions organized to group counties with similar hazards or geography (shown below). Each County or Tribe will be asked to develop a local planning team (or LPT) that consists of municipalities and other regional or organization stakeholders. This is also where a lot of the work will be done related to developing mitigation actions.

Central Region		
C1	C2	C3
Blackfeet Nation	Chippewa Cree Tribe	Blaine County
Cascade County	Choteau County	Fergus County
Glacier County	Hill County	Forsyth County
Pondera County	Liberty County	Judith Basin County
Teton County	Toole County	Petroleum County
		Phelps County

Currently the Hazard Mitigation Planning Committee is working through Steps 3-5 of the 9-step planning process with the next steps of developing an outreach strategy, reviewing the Central Region's capabilities, and conducting the Risk Assessment. Step 6 involves developing a mitigation strategy. Steps 7 and 8 involve final plan adoption and implementation and ensuring the adopted plan builds a safer and more resilient community.

Step 3: Public Outreach Strategy

FEMA requires two opportunities for public involvement during the planning process: during the draft stage and prior to plan approval. Public involvement will include online surveys during the planning effort and will look to the participating jurisdictions to assist with advertising these opportunities. In addition, the County/Tribal Planning Teams are asked to post the draft plan online and solicit comments prior to the submittal to the State and FEMA. The Wood team will be responsible for documenting this process; this may involve documenting specific meetings with stakeholders or other organizations. Counties and Tribes are encouraged to provide additional outreach beyond the regional planning outreach. An example may be noting the Regional Hazard Mitigation Plan at an already scheduled public meeting.

Step 4: Capabilities Assessment

Scott explained that the team will examine existing policies and programs and evaluate the effectiveness of the mitigation gaps and shortfalls to see where there are areas for improvement. He stated our team will also look at each jurisdiction's fiscal abilities to understand where there could be funding options for mitigation not limited to grants. The capability assessment is being aligned with current FEMA planning guidance and will be an area of focus during the update.

Step 5: Risk Assessment

Scott discussed the three components of the risk assessment. He covered the aspects of natural hazards included in the assessment and how those hazards overlap with community assets. He discussed where there is overlap between the hazards and assets is where we have risk (e.g., potential for losses). The Montana State HMP profiled 11 hazards and ranked wildfire, flooding, and earthquake as top hazards. Most counties within the Central region also have existing HMP's in place. These resources, as well as HMPC input will be used to develop a list of hazards which will be profiled in the plan.

The vulnerability assessment looks at a range of assets in the Region: residential/commercial structures and critical facilities and infrastructure. The Wood team will align this update with the more recent FEMA Community Lifeline framework. Understanding risks to lifeline facilities and identifying ways to minimize those risk with mitigation actions, will better position the plan for grant funding. He also stated we will look at development trends and natural resource areas in terms of assets that may warrant protection from hazard impacts.

Step 6: Mitigation Strategy

The Mitigation Strategy begins with reviewing the plan's existing goals, which are broad overarching statements of what we want to achieve. Goals are supported by mitigation actions, which are specific and measurable. Goals and objectives will be updated later in the planning process. The region can choose to

create one set of goals and objectives for the region as a whole, or different goals specific to each county, or both, depending on the preferences of the HMPC.

Scott shared different reference guides for mitigation action alternatives, such as FEMA's Mitigation Ideas document and the National Flood Insurance Program Community Rating System (NFIP CRS) guidance. The HMPC will need to review and select the alternatives for new actions as part of the plan update process. Each jurisdiction will need at least one new action, and actions will need to be prioritized. This will be done by applying selection and prioritization criteria, such as whether it will work, is it cost-beneficial, affordable, legal, and fair etc. This process will occur at a future planning meeting/workshop.

Steps 7 & 8: Plan Maintenance and Adoption

Scott explained there will be three drafts of the plan: (1) Internal HMPC Review; (2) Public Review (3) State and FEMA Review. As part of the first review, the HMPC review and agree upon plan maintenance procedures. Each county, tribe, and municipality within the Central Region will need to adopt the plan to secure the buy-in for the process.

Objectives and Schedule for Regional Plan Update 2022

Scott reviewed the key elements of the plan update process which include, updating the risk assessment to reflect current hazards, past events and risk and vulnerability. The figure below outlines the schedule and upcoming project tasks.

The update will be developed over the next 9-12 months. The next meeting will focus on the Risk Assessment and Goals update, which will require the Wood team to conduct the assessment itself and complete the analysis. Other forthcoming deliverables include the public survey. The next 2 planning meetings will be in the summer and fall with exact dates to be determined; those meetings may be hybrid remote and in-person workshops, unless COVID Pandemic trends dictate additional web-based workshops in the future, or if the preference is for virtual workshops.

Roles of the Multi-County Steering Committee and County Planning Committees

The county and tribal DES Coordinators will be the main points of contact with respect to meeting logistics and coordinating local planning teams. Each Coordinator will convene a County Planning Team (CPT) or Tribal Planning Team (TPT) within each participating entity. The CPTs or TPTs will include members of appropriate departments, e.g., road and bridge, planning, public works, police/fire/public safety, and

emergency management and include municipalities and could include special districts (e.g., fire and school). The coordinators will be responsible for identifying members of their HMPC and assisting with meeting logistics. The CPTs and TPTs are responsible for participating in the planning process, assisting in the updating the plans content and reviewing the draft plans to ensure it meets specific needs and local issues. Finally, each county and each tribe will need to formally adopt the plan. By doing so the plan will maintain eligibility for FEMA mitigation funds. Montana DES will provide oversight and Wood will facilitate the process, gather data, and write the plan.

Stakeholders, which include representatives from the state or federal government, private, non-profit entities or other interested organizations have various options for their level of participation:

- Attending planning meetings or staying in the loop via email list
- Providing data and information
- Partner on mitigation efforts
- Review the draft plan

Coordination with Other Agencies, Related Planning Efforts, and Recent Studies

A discussion was held on how to coordinate this planning process with other agencies, related planning efforts and recent studies in order to meet one of the DMA planning requirements. This is also an opportunity to develop a holistic plan and integrate related mitigation efforts where possible. No additional agencies outside of those already identified were noted during the kickoff meeting.

Additional Slido Poll Questions during the meeting are listed below, with responses in the attachment; chat and discussion is noted below:

- What other significant hazard events have occurred in the past 5 years?
- What other existing or recent plans, reports, or studies should be reviewed for this planning process?
- Are there any upcoming opportunities for outreach at scheduled public meetings or events?

Initial Information Needs/Next Steps

Wood will facilitate the gathering of data and updated information from the Planning Teams. Each county and municipality will be asked to provide data based on various department inputs. This will capture recent hazard impacts, specifically those in the last five years as well as input on capability assessment updates.

GIS data collection is already in process; statewide GIS portals/data will be leveraged where possible.

Stakeholders are asked to provide additional information on hazards, related planning, and project efforts as applicable. As well as stay in the loop of the planning process via emails from the county and tribal coordinators.

Attachments: Sign in summary from Meeting Chat Log, Slido Poll results, and PowerPoint Slides

Attendees based on Chat Log input:

1. Michael Bourquin
2. Justin Jenness, Chief of Police, Lewiston MT
3. Paul Tuss, Executive Director, Bear Paw Development Corporation
4. Chris Hindoién, Mayor, City of Choteau
5. Ashley Wickum, Clerk/Treasurer, Town of Chester
6. Kelsey Buckley, DES Coordinator, Toole County
7. Emily Alvarez, Community Planner, FEMA R8
8. Sara Hartley, MT Disaster Emergency Services
9. Emily Geery, Project Manager, SWCA Environmental Consultants
10. Emily, City of Chinook
11. Rob Pressly, Community Planner, FEMA Region 8
12. Melinda Burns, DES, Pondera County
13. Jeremy Springer, Director of Public Works, Town of Winnett
14. Katie Brewer, Community Risk Reduction Manager, Great Falls Fire Rescue/City of Great Falls
15. Ron Gleason, Interim CEO, Liberty Medical Center, Chester
16. Dave Elliott, IND HEMP Ft. Benton
17. Cory Calnan, State/County Cooperative Fire Protection, Montana DNRC Fire Protection Bureau
18. Matt Grunenwald, Director of Campus Safety University of Providence, Great Falls
19. Brad Call, Director of EM, Cascade County DES
20. "Blaine County Health Department Staff x4"
21. Holly Griffin, 120 AW EM
22. Sara Strissel, Director of Community Planning, Bear Paw Development
23. Heather Thom, RN - Fergus County Health Dept – Public Health
24. Ryan Larson, Undersheriff, Toole County
25. Robert Hart, Warning Coordination Meteorologist, NWS Great Falls
26. Cathy Barta, Director for Strategic Development, Snowy Mountain Development Corporation (Economic Development)
27. Jody Bachini, Maintenance Chief, MDT Havre Division
28. Haley Velk, Blaine County DES
29. Lindsay Lowe, Blaine County DES
30. Robert Smith, City of Chinook
31. Dolores Plumage, Blaine County Commissioner
32. Frank DePriest, Blaine County Commissioner
33. Curtis Harper, Glacier County DES
34. Holly Phelps, City Manager for the City of Lewistown
35. Donna Whitt, Sheriff, Toole County
36. Jerry Lytle, Sheriff, Phillips County
37. Mike Howell JB County DES
38. Mandy Kelly, Clerk, Town of Stanford
39. Katie Hatlelid JB County Extension
40. Fred Reed, Stanford Fire Dept.
41. Kendal Wilson, Fire Staff Office, Helena-Lewis and Clark National Forest
42. Tim Rosette Jr, Rocky Boy Health Center EMH
43. Toby Tabor, Bureau of Reclamation, Marias-Milk Rivers Division
44. Hoyt Richards, Central Land Office Area Manager, MTDNRC

45. Charity Yonker, Planning Director/Floodplain Administrator, Cascade County
46. Richard MacDonald, Data Coordinator, Chippewa Cree Tribe
47. Dan Balster, Engineer, Fergus Electric
48. Cathy Sessions, PIO, Teton County Emergency Response Team
49. Pete Jerrel, District 1 Foreman, Chouteau County
50. Greg Speer, Phillips County DES
51. Deb Gessaman, Emergency Manager, Chouteau County
52. Jennifer Blansett, Deputy, Chouteau County Emergency Mgmt
53. Julianne Snedigar, MSU Extension Blaine County Agent, LEPC Committee Member
54. Shannon Bonney, Fire Mitigation and Education Specialist, North Central Montana District-BLM
55. Nicole Erickson, Montana DES Mitigation
56. Jeremy Durbin, Assistant Chief, Belt Rural Fire District
57. Kevin Langkiet, Benefis Hospital
58. Dave Peterson, Public Works Director, City of Havre
59. Tim Bronk, Superintendent, CJI Schools
60. Gina Allen, County Executive Director, Liberty County Farm Service Agency
61. Steve Rose, Teton County DES and Rural Fire Chief
62. Terry Tomsheck, Toole County
63. Harry Barnett, Maintenance Chief, Great Falls Division MDT
64. David Jones, Chief Turner Volunteer FD/Chairman Blaine County Fire Council
65. Susan McEachern, DES Coordinator, MDT
66. Katie Baum, Community Planner, FEMA Region 8
67. Robert Skorupa, Pondera County Sheriff
68. Josh Simonds, Safety and EM Preparedness Director, Logan Health
69. Noah Davis, Lewistown District Manager, Northwestern Energy
70. Lawrence W. Fort Benton County Shop
71. Joey Zahara, MT DES
72. Ryan Madsen, Bureau of Reclamation, Emergency Management Coordinator
73. Kayla Johnson, Liberty County DES
74. Melissa Kantorowicz, Liberty County DES/PHEP
75. Robert Stevenson, Chouteau County Sanitarian
76. Ryan Peterson, Fergus County DES
77. Dian Brodd, Fergus County DES
78. Glenna Sue Violette, Cascade County DES Assistant
79. Dorothy Gremaux, 911 Supervisor/Coordinator, Central Montana 911 Center
80. Jason Barkus, Assistant Chief, Havre PD
81. Tom Mital, GIS Coordinator, Cascade County
82. Gary Fitzgerald, Deputy Petroleum County
83. Bob Vince, Wood
84. Christopher Johnson, Wood PLC
85. Amy Carr, Wood PLC
86. Cameron Nelson, Wood PLC
87. Scott Field, Wood PLC
88. Natalie Schoen, Wood PLC
89. Juliana Prosperi, Wood PLC
90. Jeff Brislawn, Wood PLC

10:04:20 From Hartley, Sara - MT DES to Everyone:

We will get started in a few more minutes. Thank you for understanding and your time this morning.

Robert Skorupa Pondera County Sheriff is on but just on the phone FYI

10:23:55 From Josh Simonds - Logan Health to Everyone:
Josh Simonds, Safety and Emergency Preparedness Director, Logan Health

10:25:14 From Noah Davis, Northwestern Energy to Everyone:
Noah Davis Lewistown District Manager, Northwestern Energy

10:27:18 From CC District 2 to Everyone:
Lawrence W. fort Benton county shop

10:30:04 From Joey Zahara- MT- DES to Everyone:
Joey Zahara- MT-DES

10:31:03 From Ryan Madsen, Reclamation to Everyone:

Ryan Madsen - Reclamation

10:36:39 From Hartley, Sara - MT DES to Everyone:

And MT DES Mitigation Team will support any additional public outreach and engagement efforts

10:42:38 From robertstevenson to Everyone:

also issues with power loss for heat, communications

10:43:10 From Hartley, Sara - MT DES to Everyone:

Good point Robert. Thank you

10:44:11 From Amy Carr - Wood to Everyone:

<https://www.fema.gov/flood-maps/products-tools/national-risk-index>

10:44:19 From Jeremy Springer Director of Public Works Winnett to Everyone:

Loss of power would take down our drinking water system

10:50:07 From Hartley, Sara - MT DES to Everyone:

Correct, there is no requirement to complete identified actions, just looking to see what has been completed and what jurisdictions want to complete but may be restricted by capacity or funding capabilities. This is where we can maybe identify funding and capacity support opportunities.

10:54:58 From Craig Crawford- Superintendent Stanford Schools to Everyone:

Yes, selfish, but could we look at an addition on our school that could house displaced people as a project? Like an auxiliary gym with locker rooms that could house people that are displaced and allow them a place to shower?

10:57:43 From Hartley, Sara - MT DES to Everyone:

Hi Craig, that is a great question, and something I think we should discuss further offline. I definitely think we can find a potential funding source for a project like this, but may be difficult to fit inside our program but something we should look into a bit deeper.

11:01:45 From Liberty County DES - Kayla + Melissa to Everyone:

Kayla Johnson- Liberty County DES. Melissa Kantorowicz- Liberty County DES/PHEP

11:04:38 From robertstevenson to Everyone:

Robert Stevenson Chouteau Co Sanitarian

11:06:20 From Emily Alvarez, FEMA R8 (she/her) to Everyone:

School districts and special districts are eligible to adopt the plan and receive \$ as a "participating jurisdiction". They just meet the same plan criteria (planning process, risk assessment, and mit strategy)

11:11:58 From Hartley, Sara - MT DES to Everyone:

State DES also has a list of all wildfires over the last 5 years, and also has list of all FMAG designation

11:12:28 From Juliana Prosperi, Wood E&IS to Everyone:

There was a question in the Slido Q&A about the meeting recording. We are recording this session and we will make sure the recording is made available to participants and to share with those that were not able to attend this morning's presentation. Thanks!

11:13:28 From Dani Arps- Teton County to Everyone:

Wildland/Urban interface documents and CWPP docs need to be updated as well if they are heavily referenced in the HMP

11:29:53 From Ryan and Diane Fergus County DES to Everyone:

Ryan Peterson, Diane Brodd Fergus County DES

11:29:53 From Brad Call, Cascade County DES to Everyone:

Glenna Sue Violette-Cascade County DES Assistant

11:29:56 From Dorothy Gremaux - Central Montana 9-1-1 Center to Everyone:

Dorothy Gremaux 911 Supervisor/Cordinator, Central Montana 911 Center

11:30:15 From Jason Barkus Havre PD/LEPC to Everyone:

Jason Barkus Assistant Chief HavrePD

11:30:15 From Tom Mital - Cascade County GIS to Everyone:

Tom Mital - GIS Coordinator, Cascade County

11:30:22 From bill cassell to Everyone:

Gary Fitzgerald

11:30:36 From bill cassell to Everyone:

Deputy petroleum county

11:30:43 From Ryan Madsen, Reclamation to Everyone:

Ryan Madsen - Bureau of Reclamation, Emergency Management Coordinator

11:30:47 From Dorothy Gremaux - Central Montana 9-1-1 Center to Everyone:

Thank you.

11:30:49 From Matt Plagenz, USFS/Judith-Musselshell RD to Everyone:

Thanks for including the USFS and look forward to working with you in future.

11:30:52 From tim rosette jr Rocky Boy Health Center to Everyone:

thank you

Slido Polls: Kickoff Meeting

Central Region Kickoff

29 Mar - 04 Apr 2022

Poll results

Table of contents

- If you didn't have to be in the meeting today, what would you rather be doing?
- Have you participated in a hazard mitigation plan before?
- What key stakeholders should be involved in this process?
- What additional hazards should be considered for the Regional Plan?
- What other significant hazards events have occurred in the past 5 years? (Note which jurisdiction(s) was impacted in your response)
- What other existing or recent plans, reports, or studies should be reviewed for this planning process?
- Are there any upcoming opportunities for outreach at scheduled public meetings or events?

**If you didn't have to be in the meeting today,
what would you rather be doing?**

0 3 7

**Have you participated in a hazard mitigation
plan before?**

0 4 7

Yes

45 %

No

55 %

What key stakeholders should be involved in this process?

016

- Pipeline
- Community orgs such as homeless coalitions
- Communications staff
- Higher ed
- Hospitals
- Local media so the word gets out
- Tribal colleges
- Railroad
- Air medical transport agencies
- Public Information Officers for Counties/ Tribes
- Utilities
- Community planning staff
- Military bases
- Montana Healthcare Coalition
- Hospitals, Clinics, Medical Centers
- Economic Development Districts
- Community planners
- Agriculture industry partner
- Conservation Districts
- Customs
- Border patrol

What additional hazards should be considered for the Regional Plan?

008

- Wildfire
- Nuclear attack
- Social unrest
- Earthquake keeps me up at night
- Derailment of railroad traffic
- Domestic terrorism
- Solar storm impacts
- Infectious Disease Outbreak

What other significant hazards events have occurred in the past 5 years? (Note which jurisdiction(s) was impacted in your response)

010

- Hail
- Wildfire
- Ice storm
- Winter storm power outages
- Flooding from Sweet Grass Hills and Cottonwood Creek
- Power outage (Blaine and Hill Co) 7 days long in some areas
- Railroad derailments
- South Moccasin and Taylor Fires (Fergus Co) Pine Grove (Blaine Co)
- Train derailment
- South Moccasin Fire
- Gibson Flats Fire
- East Fork Fire (Hill and Blaine Co)
- Flooding

What other existing or recent plans, reports, or studies should be reviewed for this planning process?

004

- Contact local national weather service office for historical and local statistical weather data for jurisdictions.
- non-point pollution plan...sorry
- Comprehensive Economic Development Strategies
- non-point solution plan
- drought plan
- resilience plan
- climate action plan
- Montana Wildfire Risk Assessment <https://mwra-mtdnrc.hub.arcgis.com/>

Are there any upcoming opportunities for outreach at scheduled public meetings or events?

007

- Chamber of Commerce events
- July 29th-Aug 6th
- North Central MT pre-season fire cooperators meeting
- Bear Paw Development CEDS Process
- Earth day or other community events?
- State Fair
- Summer Farmers Markets
- County Fairs
- Havre Downtown Master Plan Process
- Local library?
- What about local sports games?
Could set up a booth?

Mitigation Strategy Workshops: October 11-13, 2022

Montana Central Region Hazard Mitigation Plan Mitigation Strategy Meeting Agenda

Date: Tuesday, October 11, 2022
10:00 am-3:00 pm MST

Meeting at: Ambulance Training Center
13 1st Street SW, Fairfield, MT 59436

Project: Montana Central Region Hazard Mitigation Plan

Subject/Purpose

The purpose of this meeting is to review the planning process so far, then modify, add, and/or delete mitigation actions and projects applicable to the Montana Central Region based on HMPC input and pertinent plan goals. Prioritization of mitigation projects will be conducted as well, and next steps to plan finalization, including future plan implementation and maintenance, will be discussed. Lunch will be provided.

Attendees: Montana Central Region Hazard Mitigation Planning Committee and Stakeholders

1. Introductions
2. Planning process update
3. Review of possible mitigation activities and alternatives
4. Discuss criteria for mitigation action selection and prioritization
5. Funding mitigation options
6. Review of progress on existing actions in the plan (working lunch- provided)
7. Brainstorming Session: Development of new mitigation actions (group process)
8. Prioritize mitigation actions (group process)
9. Discuss plan implementation and maintenance
10. Discussion of draft HIRA
11. Next steps

Selection and Prioritization Criteria and Example Mitigation Action Items

Mitigation Action Selection and Prioritization Criteria

- Does the proposed action protect lives or vulnerable populations?
- Does the proposed action address hazards or areas with the highest risk?
- Does the proposed action protect critical facilities, infrastructure, or community assets?
- Does the proposed action meet multiple objectives (multi-objective management)?
- Is there a strong advocate for the action or project that will support the action's implementation?

STAPLE/E

Developed by FEMA, this method of applying evaluation criteria enables the planning team to consider in a systematic way the social, technical, administrative, political, legal, economic, and environmental opportunities and constraints of implementing a particular mitigation action. For each action, the HMPC should ask, and consider the answers to, the following questions:

Social - Does the measure treat people fairly (different groups, different generations)? Does it consider social equity, disadvantaged communities, or vulnerable populations?

Technical - Will it work? (Does it solve the problem? Is it feasible?)

Administrative - Is there capacity to implement and manage project?

Political - Who are the stakeholders? Did they get to participate? Is there public support? Is political leadership willing to support it?

Legal - Does your organization have the authority to implement? Is it legal? Are there liability implications?

Economic - Is it cost-beneficial? Is there funding? Does it contribute to the local economy or economic development? Does it reduce direct property losses or indirect economic losses?

Environmental - Does it comply with environmental regulations or have adverse environmental impacts?

Example Mitigation Action Items

Alternative Mitigation Actions	Dam Failure	Floods	Hazardous Materials	Drought	Weather Extremes (hail, lightning, temps,)	Wind/ Tornado	Wildland Fires	Severe Winter Storm

Public Survey

Montana Central Region Hazard Mitigation Plan Public Input Survey

The State of Montana Disaster and Emergency Services (MT DES) is coordinating the creation of a new Regional Hazard Mitigation Plan that will encompass all counties, municipalities, and tribal nations in the Central Region. The Regional Plans will build off existing local hazard mitigation plans in the Region and be developed in accordance with the Disaster Mitigation Act of 2000 and regional resilience planning guidance.

The Regional Hazard Mitigation Plan analyzes each county, municipality and Tribe's vulnerabilities to natural and human-caused hazards and identifies mitigation actions that can be taken to minimize property damage and improve life safety prior to a hazard event.

The purpose of this survey is to collect information from the public and stakeholders to better understand the vulnerabilities within the Central Region as well as solicit input on needs to best mitigate, or reduce, the impacts of hazards before they occur. The feedback will be shared with local planning committees to inform the planning process.

Please complete this survey by **June 30, 2022**.

We highly recommend filling out the online version at:
<https://arcg.is/1LK04W0>

Alternately please take a few moments to complete and return the form where it was distributed or provide to your County or Tribal emergency management office.

Community Information

1. Which County or Reservation do you live in?

Montana Central Region Hazard Mitigation Plan Public Input Survey

2. Where in the county do you live?

- ☐ Unincorporated
☐ Municipality
☐ Reservation

3. List the specific community name:

Hazard Significance

4. The hazards addressed in the Central Region Hazard Mitigation Plan update are listed below. Please indicate the level of significance (low, medium, or high) you perceive for each hazard for in the community you live.

Hazard	Low	Medium	High
Dam Failure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Drought	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Earthquake	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Flooding	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Landslide	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Severe Summer Weather (extreme heat, thunderstorms, hail, lightning)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Severe Winter Weather (extreme cold, heavy snow, blizzard)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Tornadoes and Windstorms	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Wildland and Rangeland Fire	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Volcanic Ashfall	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Hazardous Materials Incidents	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Human Conflict (Terrorism, Civil Unrest, etc.)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Communicable Disease	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Cyber-Attack	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Other? (Note in space below other hazards of concern that are not listed above)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
---	--------------------------	--------------------------	--------------------------

Specific Hazard Issues/Problems

5. Do you have information on specific hazard issues/problem areas that you would like the planning committee to consider? Note the jurisdiction (County, Tribal Nation or Municipality) to which it applies:

--

Pre-Disaster Mitigation Actions

Mitigation includes actions that can be taken to reduce or eliminate the long-term risk to hazards.

6. Indicate the level of significance the following mitigation action categories.

Category	Low	Medium	High
Local Planning and Regulations (Addressing hazards in Plans and Policies)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Structure and Infrastructure projects (Improving Buildings and Infrastructure)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Natural Systems Protection (Protecting Sensitive Areas)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Education and Awareness Programs	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Enhancing Administration and Procedures	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

7. The following types of mitigation actions may be considered in the Central Region. Please indicate the types of mitigation actions that you think should have the highest priority in the Central Region Hazard Mitigation Plan.
- ☐ Indoor/Outdoor Warning
 - ☐ Wildfire Fuels Treatment projects
 - ☐ Wildfire Defensible Space
 - ☐ Critical Facilities Protection
 - ☐ Generators for Critical Facilities
 - ☐ Land Use Planning
 - ☐ Public Education/Awareness on Hazards

Montana Central Region Hazard Mitigation Plan Public Input Survey

- ☐ Stormwater Drainage Improvements
- ☐ Forest Health/Watershed Protection
- ☐ Stream Stabilization/Restoration
- ☐ Flood Mitigation
- ☐ Access to Flood Insurance
- ☐ Education and Discounts on Flood Insurance
- ☐ Floodprone Property Buyout
- ☐ Water Conservation
- ☐ Landslide Mitigation
- ☐ Rockfall Mitigation
- ☐ Evacuation Route Development
- ☐ Dam safety
- ☐ Public Health Incident Preparedness
- ☐ Improve Reliability of Communications Systems
- ☐ Severe Weather Shelters (Tornado, Winter Storm)
- ☐ Windbreaks And Snow Fences
- ☐ Electrical Power Grid Resiliency

Pre-Disaster Mitigation Action Ideas

8. Please comment on any other pre-disaster hazard mitigation actions that the planning committee should consider for reducing future losses caused by natural disasters:

Contact Information (Optional)

Optional: Provide your name and email address if you would like to be added to a distribution list for upcoming activities related to the planning process:

OFFICIAL STATE WEBSITE

Mitigation Planning Information

Hazard mitigation is the use of long- and short-term strategies to reduce or alleviate loss of life, injuries, and property damage that can result from disasters such as floods, wildfires, tornadoes, and earthquakes. By reducing exposure to these hazards, the state will save lives and property and minimize the social, economic, and environmental disruptions that follow hazard events. Studies have found that every dollar spent on hazard mitigation saving an average of \$6 in avoided future losses.

The State of Montana Disaster and Emergency Services (MT DES) is coordinating the creation of new Regional Hazard Mitigation Plans that will encompass all counties, municipalities, and tribal nations in Montana. This will support consistency across the state, lighten the administrative burden on local and tribal governments, be cost effective, and ensure comprehensive eligibility for FEMA mitigation grant funding. The Regional Plans will build off existing local hazard mitigation plans and be developed in accordance with the Disaster Mitigation Act of 2000.

Toole County DES is working in correlation with the state of Montana to create a Hazard Mitigation Plan. Part of this process is identifying hazards that are specific to each county. If you could please take the time to fill out the survey in the link provided, it would be greatly appreciated. This survey was created to hear from the public within the county and what is important to them. By filling out this survey it will help the county and state identify hazards the community is concerned about. For example, if the Alkali dust blowing across the interstate outside of Sunburst is a concern of yours please include that in your survey; on other hand if drought or communicable disease is more of a concern for you please include that. This survey is to collect information from members of the community and what their concerns are. Thank you for your time.

Public Comment Period Outreach (Representative Sample)

2023 Central Region Hazard Mitigation Plan

Public Comment on 2023 Central Region Hazard Mitigation Plan

The 2023 Central Region including Fergus County Annex F is nearing publication and is now open for Public Comments.

Take the time to read the documents below, and if you would like to suggest any changes or make any comments concerning the plan use the comment link below to provide them.

Thank you for your help and assistance.

[CENTRAL MONTANA Regional Hazard Mitigation Plan 2023-2028](#)

[CENTRAL MONTANA Regional Hazard Mitigation Plan - Annex F Fergus County 2023-2028](#)

[Comments on the Final Draft State Hazard Mitigation Plan](#)

Fergus County DES

Published by Steve Fanning · 58m ·

A public comment period is now open for the draft Central Montana Region Hazard Mitigation Plan as well as the related Fergus County Specific Annex. The Central Montana Region Hazard Mitigation Plan (HMP) is the product of a regional planning process coordinated by the Montana Disaster & Emergency Services (MTDES) in 2022-2023 to develop regional hazard mitigation plans covering the entire state of Montana.

The 2023 Central Montana Region HMP (also referred to as "Plan") will serve as a blueprint for coordinating and implementing hazard mitigation policies, programs, and projects across the Region. It identifies mitigation goals and related actions to assist the participating jurisdictions in reducing risk and preventing loss from future hazard events.

The full Central Montana HMP and related Fergus County Annex F can be found here
<https://co.fergus.mt.us/des-banner>

Please take the time to read through this document and add any comments you may have by using the link at the bottom of the page. A copy of both the HMP and the Fergus County Annex F are also available for reading at the DES Office Suite #103 in the Courthouse.

Thank you for your time and assistance!

Hello Western Region,

The MT DES - Mitigation Bureau has been working with each region to develop Regional Hazard Mitigation Plans. As a neighboring county or tribe, we would like to extend the opportunity for you to review and provide comment to the Central Regional Plan. The Virtual Public Platform can be accessed via the below link:

- Central Region: <https://virtualconsultation.wsp.com/VirtualSpace/150089>

This *Public Comment Period* will be extended to **Friday, March 29, 2024** to allow for you to view the plans. If you have any questions or need assistance navigating the platforms, please feel free to reach out to me or anyone on the Mitigation Team.

Thank you,

Crystal Guerrero

Welcome to Teton County!

Please help us by filling out this quick, confidential survey regarding Hazards in Teton County.

Montana Central Region Hazard Mitigation Plan Public Input Survey

The State of Montana Disaster and Emergency Services (MT DES) is coordinating the creation of a new Regional Hazard Mitigation Plan that will encompass all counties, municipalities, and Tribal Nations in the Central Region. The Regional Plans will build off existing local hazard mitigation plans in the Region and be developed in accordance with the Disaster Mitigation Act of 2000.

The Regional Hazard Mitigation Plan analyzes each county, municipality and Tribe's vulnerabilities to natural and human-caused hazards and identifies mitigation actions that can be taken to minimize property damage and improve life safety prior to a hazard event.

The purpose of this survey is to collect information from the public and stakeholders to better understand the vulnerabilities within the Central Region as well as solicit input on needs to best mitigate, or reduce, the impacts of hazards before they occur. The feedback will be shared with local planning committees to inform the planning process.

We highly recommend filling out the online version at:
<https://survey.mt.gov/11K04W0>

We need your input!

The State of Montana Disaster and Emergency Services (MT DES) is coordinating the creation of new Regional Hazard Mitigation Plans that will encompass all counties, municipalities, and tribal nations in Montana. This will support consistency across the state, lighten the administrative burden on local and tribal governments, be cost effective, and ensure comprehensive eligibility for FEMA mitigation grant funding.

Hazard mitigation is the use of long- and short-term strategies to reduce or alleviate loss of life, injuries, and property damage that can result from a disaster. By reducing exposure to these hazards, the state will save lives and property and minimize the social, economic, and environmental disruptions that follow hazard events. Studies have found that every dollar spent on hazard mitigation saving an average of \$6 in avoided future losses.

The Central Region Plan is now available for public review and comment at <https://virtual.woodplc.com/VirtualSpace/150089> [virtual.woodplc.com] or on the MT DES website at test-des.mt.gov/Mitigation/Mitigation-Planning

Please take a look and let us know your thoughts.

Thank you,

Amanda Avard
Preparedness Program Manager
406-202-4195
Email: Amanda.Avard@mt.gov

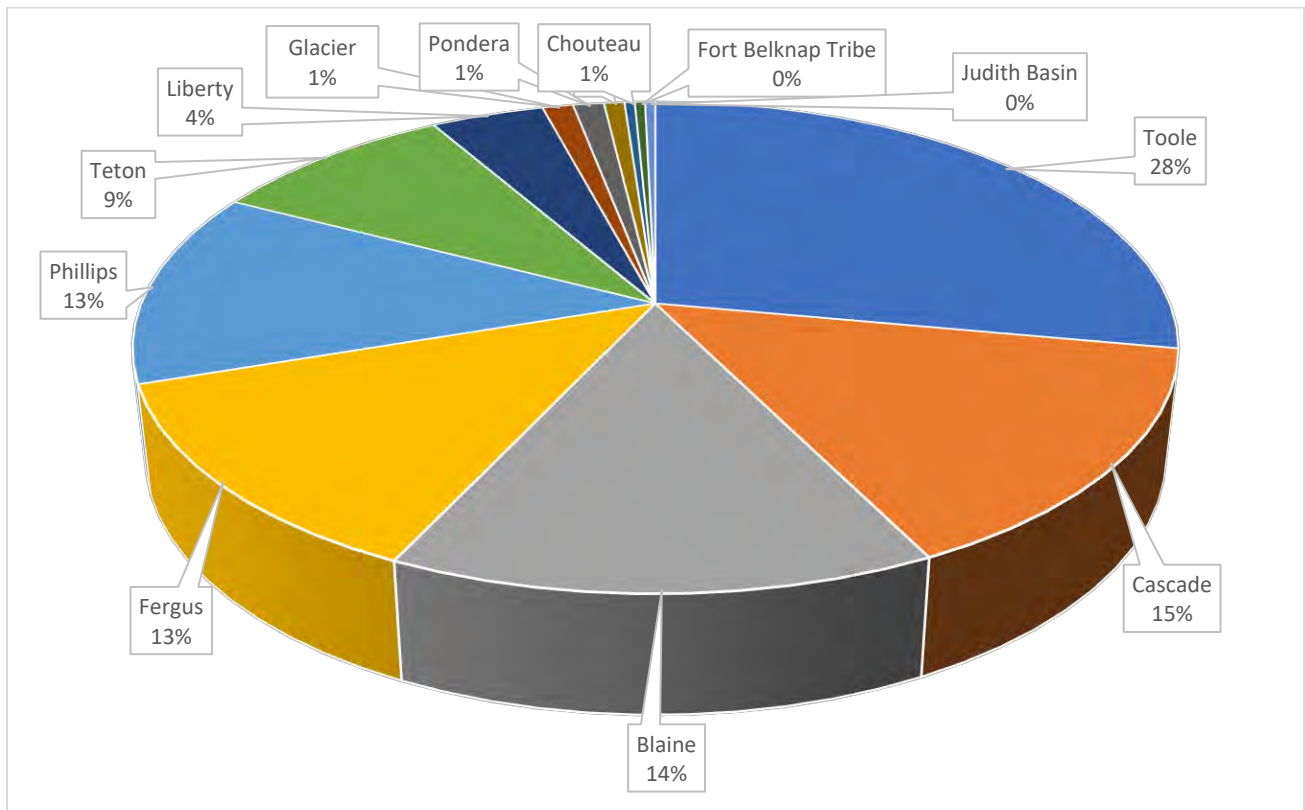

APPENDIX C: Public Input

Public Survey

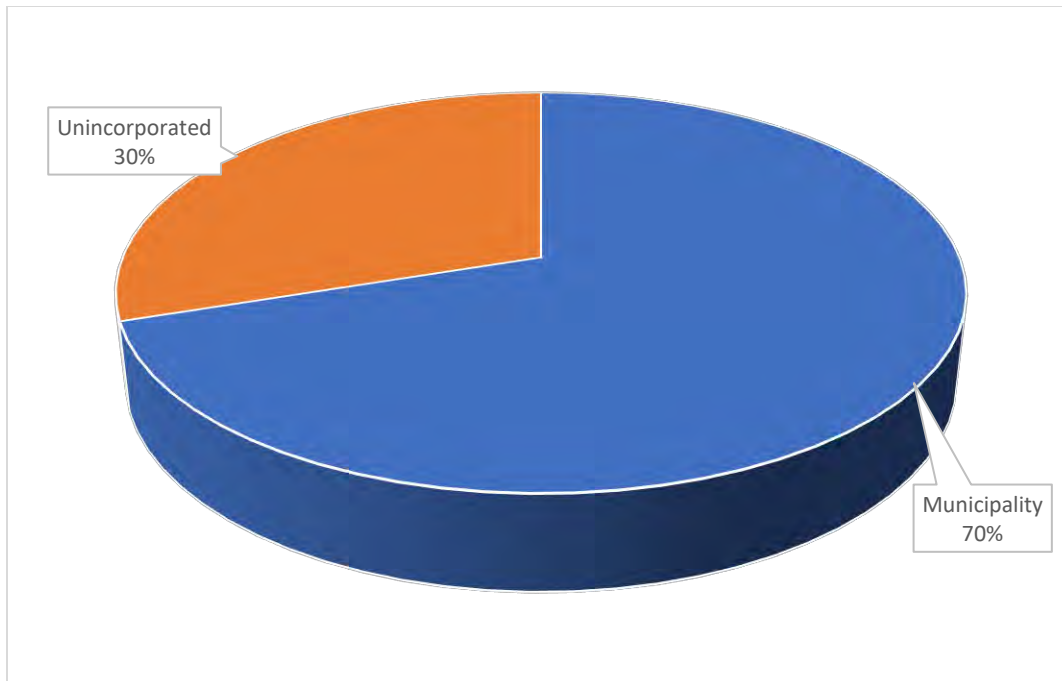

Public and stakeholder input was collected at the beginning of the planning process through an online survey from July 11 through August 8, 2022. The survey was advertised by the County and participating jurisdictions through social media.

The survey provided an opportunity for public input during the planning process prior to finalization of the plan update. The public survey received responses from 265 individuals. Responses to the survey are shown below. Based on this survey, the public perceives the most significant hazards to be wildfire, drought, and winter storms.

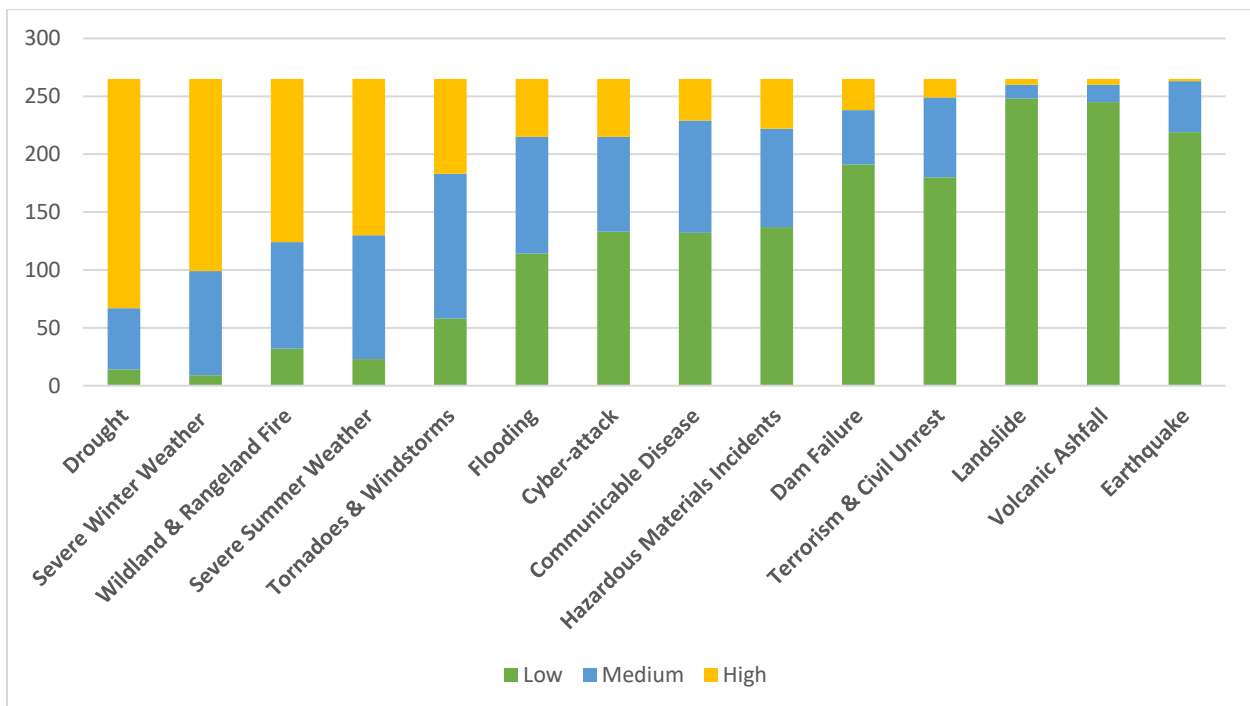

Which County or Reservation do you live in?

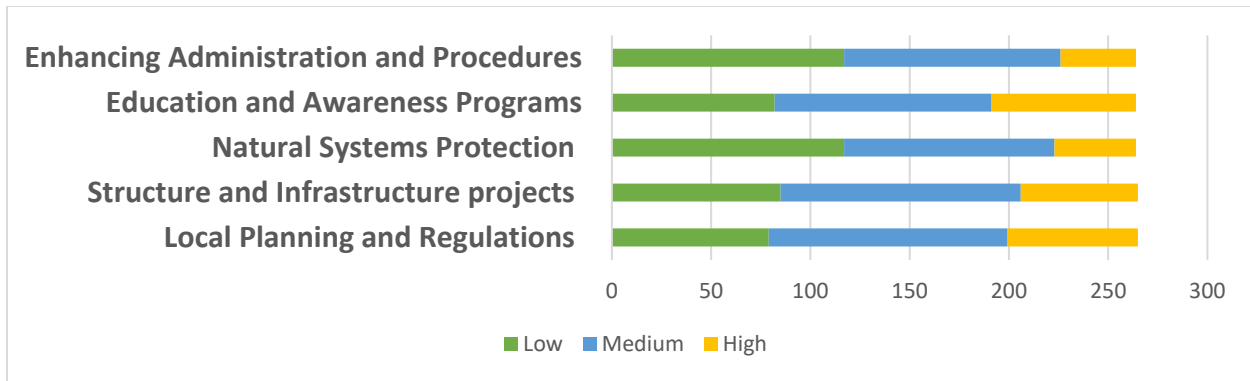

Where in the County do you live?

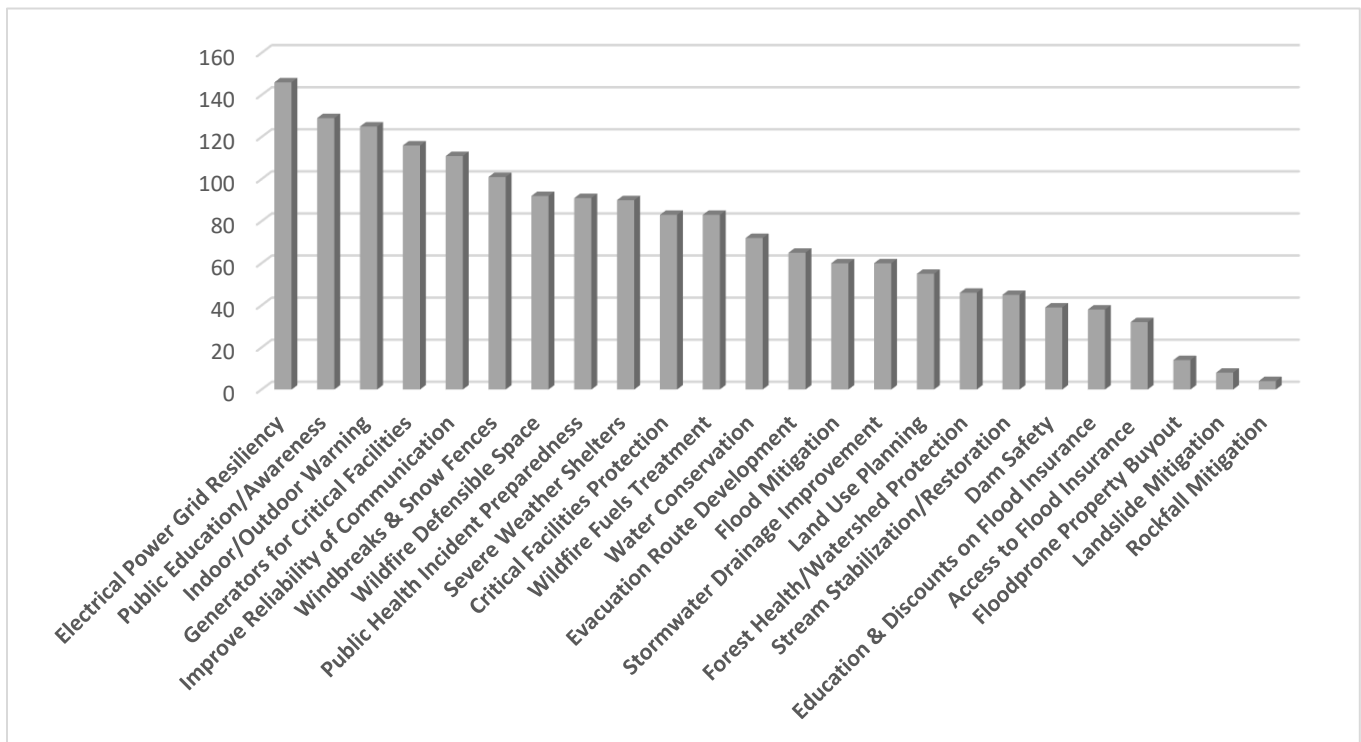

Please indicate the level of significance you perceive for each hazard for the community you live in.

Please indicate the significance you perceive for the following mitigation action categories.

Please indicate the types of mitigation actions that you think should have the highest priority.

[illegible]

Public Draft Comment Period

Prior to finalizing, a draft of the regional plan was made available to the public for review and comment in August and September 2023. The plan and annexes were made available on the MTDES website as well via an online public engagement space, shown in Figure C-1. The counties and tribes used social media, website posts, and email blasts to announce the public comment period. An online feedback form was provided to collect specific comments.

Three public comments were received on the draft plan. They were reviewed with the HMPC, but did not result in any meaningful changes to the HMP or its Annexes.

Figure C-1 Regional Hazard Mitigation Plan Virtual Public Engagement Space

APPENDIX D: PLAN ADOPTION AND APPROVAL

Note: This appendix provides documentation of the required record of adoption which will be incorporated when available. When the plan is adopted in 2023 a scanned version of the adoption resolutions will be inserted for each participating jurisdiction within Blaine, Cascade, Chouteau, Fergus, Glacier, Hill, Judith Basin, Liberty, Petroleum, Phillips, Pondera, Teton, Toole counties as well as Blackfeet Nation, Chippewa Cree Tribe, and Fort Belknap Indian Community. A sample adoption resolution is provided here. The final FEMA approval packet will be included for future reference regarding the five-year expiration date and suggestions for improvement in the next update.

Mitigation Plan Adoption Sample Resolution

Resolution # _____

**Adopting the 2023 Montana Central Region
Hazard Mitigation Plan**

Whereas, (name of county or community) recognizes the threat that natural hazards pose to people and property within our community; and

Whereas, undertaking hazard mitigation actions will reduce the potential for harm to people and property from future hazard occurrences; and

Whereas, an adopted Hazard Mitigation Plan is required as a condition of future funding for mitigation projects under multiple FEMA pre- and post-disaster mitigation grant programs; and

Whereas, (name of county or community) resides within the Planning Area, and fully participated in the mitigation planning process to prepare this Hazard Mitigation Plan; and

Whereas, the Montana Division of Homeland Security and Emergency Management and Federal Emergency Management Agency, Region VIII officials have reviewed the 2023 Montana Regional Hazard Mitigation Plan and approved it contingent upon this official adoption of the participating governing body; and

Now, therefore, be it resolved, that the (name of board or council), hereby adopts the Montana Regional Hazard Mitigation Plan, as an official plan; and

Be it further resolved, the County of _____ will submit this Adoption Resolution to the Montana Division of Homeland Security and Emergency Management and Federal Emergency Management Agency, Region VIII officials to enable the Plan's final approval.
